

Customer Comments:

Recently I received two of your soaps as gifts from friends in the Chicago area who had purchased them at an area store. What a treat! We LOVED your soaps, especially the round one, which I think is Lime Zest. I definitely want to order some more. I was amazed at how quickly my skin stopped looking so dry, as it tends to in the winter, and my husband said this evening that it was working so well for him that he didn't have to put on any lotion this morning to try to combat winter skin. So, there you have our unsolicited testimonial. I can't imagine that anyone using your soap would ever consider using regular soap again if they had a choice! S. Porter, Cleveland OH.

I purchased a bar of the sheep milk soap at 'More than Memories' in Rock Island, IL. I was told that I would not ever have to use moisturizer again after using this soap. I have to say that everything I have heard and read is true. The soap rinses off well and leaves my skin feeling clean and soft. I love it and recommend it to everyone! R.H. Illinois.

Sensitive skin has always been a problem for me. To add to that, I developed Rosacea. Being allergic to most medicinal and cosmetic products presented many problems. After years of trying many natural remedies with little or no results, I discovered the 'ewenique soaps'. I was astounded to see my skin clear up within a few days! Needless to say...it is my soap of choice forever. Thank you for a wonderful product. M. Brixey, Deerfield Ill

I was right about your soaps & lotions! They are a godsend for the uniquely dry skin of kidney dialysis patients. I have tried every so-called 'moisturizing soap and lotion' but they make little difference. I'll be giving B&B bars to the nurses and staff, and they can then, if they choose to recommend it to the patients and it won't be against the rules. S. Matz, Omaha NE

I have had a problem with extremely dry skin for several years. The dermatologist said the diabetes and thyroid problems I have also contribute to the problem. When the itch about drives me crazy I can shower with the sheep milk soap and that does more good than all the medications and/or lotions I have used over a period of 3 years. L Gashco, Portland OR

After washing my face with sheep milk soap in the morning and then shaving, I was surprised that my skin and beard remained soft for several hours! S.M., IL
